

## **NCMCO Office Manager's Report – September 21, 2017**

All in all I think things are still going well here at Central Office. Group Contributions were down a bit in August but for the year to date we are fine financially.

It has been a strange couple of weeks with no power in the building since last Monday night, September 11. I have been able to do some work at home, working on Mountain Doin's files on Dropbox, logging on to the office email and at times transferring forwarded calls to my home number rather than having calls go to the answering service, though I have kept the answering service apprised of our situation in case people are wondering why they can't get through to the office. The minor inconvenience and loss of business we have had is nothing compared to what communities in Texas and Florida and the Caribbean and Mexico have suffered through over that last several weeks. We received the following link in an email from GSO in New York about responding to disasters which we will be posting this in the Mountain Doin's: [www.aa.org/assets/en\\_US/smf-196\\_en.pdf](http://www.aa.org/assets/en_US/smf-196_en.pdf). This can also be found at the top of the home page on [www.aa.org](http://www.aa.org)

Over the weekend of October 5-8, I will be attending the ICOAA Seminar. I have contacted the Intergroup host in Virginia about a list of workshop topics but have not heard back yet. If I get a response in the next week or so I will email the topics to all on the Board for your input about which workshops you think would be most beneficial for me to attend. Dani, Dawn Celeste and Mike will be filling in for me while I am away at the conference and they are also covering a few extra days for me the following week (Monday, 10/9, through Wednesday, 10/11) so that I can go to Philadelphia to visit my father. I thank them in advance for their time and assistance. I know the office will be in good hands - as it always is.

Respectfully submitted, with ongoing gratitude to all the Board members, volunteers, CORs, A.A. members and Groups for your help and support,

Pam C.  
NCMCO Office Manager
